

It is important to allow K-LOVE to continue to broadcast in its current capacity over FM translator service. Please do not give LPFM priority over K-LOVE. As a resident of Phoenix and a community that is reached by K-LOVE, I feel K-LOVE provides a family friendly, safe broadcast for our community. I never have to worry about what "little ears" might hear on this station! If you give LPFM priority over K-LOVE I am not sure what positive, encouraging station would be left to listen too, or what LPFM could broadcast as an identical replacement. The many services provided by K-LOVE are free to all, there aren't any commercials, so one is not barraged by marketing ploys, and the message K-LOVE communicates is refreshing!
